

## Job description:

We are looking for an experienced mechanic PDI (Pre Delivery Inspection) with knowledge in hydraulics, electricity and/or motors to join our team.

As a mechanic, you will perform control inspection and functional testing on our scissor, telescopic and articulated boom lifts. - For variety, you will also perform administrative duties. -

You work both independently and as part of a team and are willing to work on site.

## Job requirements:

- MBO education in the direction of mechanical, electrical or similar engineering
- Experience with hydraulic, electrical and/or motor systems
- Proactive attitude- Ability to work independently and as part of a team
- In possession of driving licence B
- Flexible, -service-oriented attitude and willingness to perform administrative tasks-
- Knowledge of the English language is a requirement.
- Computer experience with standard office programmes

## We offer:

- A challenging position with a lot of variety and responsibility
- A pleasant working atmosphere in an enthusiastic team
- Opportunities for personal development and growth
- A competitive salary and good fringe benefits

Do you recognise yourself in the above profile and are you looking for a new challenge? Then send us your CV and motivation letter and who knows, you might become our new colleague!
